Herman Cain Reaffirms Commitment to Pro-Life Principles

(Stockbridge, GA)- Republican presidential candidate Herman Cain reaffirmed his commitment to his longstanding pro-life principles saying:

"I support right-to-life issues unequivocally and I adamantly support the first three aspects of the Susan B. Anthony pledge involving appointing pro-life judges, choosing pro-life cabinet members, and ending taxpayer-funded abortions.

However, the fourth requirement demands that I 'advance' the Pain-Capable Unborn Child Protection Act. As president, I would sign it, but Congress must advance the legislation.

I have been a consistent and unwavering champion of pro life issues.

In no way does this singular instance of clarification denote an abandonment of the pro-life movement, but instead, is a testament to my respect for the balance of power and the role of the presidency."

Pro-Life Leadership Presidential Pledge

I, Herman Cain, pledge to the American people that if elected President, I will:

One, only nominate to the U.S. Supreme Court and federal bench judges who are committed to restraint and applying the original meaning of the Constitution, not legislating from the bench;

Two, select pro-life appointees for relevant Cabinet and Executive Branch positions, in particular the head of National Institutes of Health, the Department of Health & Human Services, and the Department of Justice;

Three, advance pro-life legislation to permanently end all taxpayer funding of abortion in all domestic and international spending programs, and defund Planned Parenthood and all other contractors and recipients of federal funds with affiliates that perform or fund abortions;

Four, ~~advance and~~ sign into law a Pain-Capable Unborn Child Protection Act to protect unborn children who are capable of feeling pain from abortion.
