I know this abortion clinic on 2nd and webster! they are on the 3rd floor, and their is always a guard at the \1st floor entrance! I used to pickup the aborted babies and take them to kaiser`s genetics lab in santa clara! they were in semi-clear plastic containers, and I could see the little body parts floating around inside! little ears, parts of legs intact heads with their eyes open, looking back at me! they were so cute! You think you had a bad day! they were not just black, they were hispanic and white! the name of the mothers were written on the containers! when I was waiting to get my stuff, in the lobby were often little girls with thier mothers waiting their turn for their abortions. underage black girls 13 yo or so! lot`s of little girls. when I delivered at genetics lab in santa clara, there was this man who wore a skirt and was undergoing a sex change! and he would sign my receipt for the little bodies. if you don`t believe me go there and watch the little girls go on with their moms! every day!

"...with his "Got Jesus" cap and a sign reading, "Jesus loves you and your baby. Let us help." And THIS is considered terrorism in the USA now? Rapture me now, Jesus! Great and Holy Lord, we as a country no longer deserve your blessing.
