

PROTECTING *Black Life*

REACHING THE BLACK COMMUNITY WITH THE PRO-LIFE MESSAGE

AN OUTREACH OF LIFE ISSUES INSTITUTE

October 9, 2009

Dear Walter B. Hoye, II:

I would like to congratulate President Barack Obama for being awarded the 2009 Nobel Peace Prize today, just 8 months into his presidency.

According to CNN, the Norwegian Nobel Committee said it honored Obama for his "extraordinary efforts to strengthen international diplomacy and cooperation between peoples."

Abortion remains the **leading** cause of death in the African American community, outpacing AIDS/HIV, Heart Disease, Violent Crimes, Accidents, and Cancer **combined**. Wouldn't it be absolutely incredible if the first black President was receiving the Nobel Peace Prize for his "extraordinary efforts to strengthen diplomacy and cooperation between people" both born and unborn? With the Black community being **below replacement rate** for the first time in history, "diplomacy and cooperation" between mothers, fathers and their unborn babies are desperately needed now more than ever before.

I recently had the opportunity to speak about the Obama presidency at an international conference in the United Kingdom. Please visit the following link to watch the video and/or listen to the audio of my presentation. I think you'll be encouraged by what you hear!

Click [this link](#) to listen or view my presentation during the Society for the Protection of the Unborn (SPUC) National Conference 2009.

Sincerely,

Rev. Arnold M. Culbreath
