## The National Black Pro-Life Union and Black Pro-Life Movement: Sharpton is Wrong - Santorum is Right -- The Murder of Innocent Black Children is Not a Civil Right

MEDIA ADVISORY, Jan. 26, 2011 /[Christian Newswire](#)/ -- Recently, Rick Santorum and Al Sharpton squared off in a fiery debate on race and abortion on the Hannity Show (FOX).

Black pro-life leaders weighed in:

"Al Sharpton, for the sake of Al Sharpton, railed against Rick Santorum for calling attention to the horrific impact abortion is having on the black community," said Rev. Dr. Johnny Hunter of Life Education and Resource Network. "It is inconceivable that blacks today continue in that same spirit of division as we saw on the Hannity Show," he said.

"I cannot believe that Sharpton called the taking of innocent life in the womb a civil right," said Alveda King, Founder of King for America and Director of African American Outreach for Priests for Life. "This is not the right my father and my uncle gave their lives for. Civil rights protect individual freedoms, not deny them. The right to life is the 21st century civil right that will protect all human beings from conception to natural death and we must all fight for it," she said.

"As in the Dred Scott case, the Supreme Court, in 1973, denied protection to a class of citizens," said Walter Hoye of Personhood USA. "Justice Blackmun and the core of eugenicists he collaborated with cloaked their racial intent in the garment of abortion and Al Sharpton has happily agreed to be one of the faces of the Negro Project authored by Planned Parenthood Founder Margaret Sanger" he said.

"For more than thirty eight years, abortion has cut into the birthrate of the black community" said Dean Nelson, Vice

President, CareNet's Urban Outreach. "The black community must recognize that Roe v. Wade is the modern answer to the lynching and killing fields of the south. It must be stopped," he said.

"More black children have died by abortion than the seven leading causes of death in the African American community combined," said Catherine Davis of the Network of Politically Active Christians. "Since the days of Margaret Sanger, Planned Parenthood has targeted the black community in order to control the growth of our population."

Day Gardner, President of the National Black Pro-Life Union, states; "First of all, Al Sharpton is not my leader. Mr. Sharpton's head is buried so deep in the silk pockets of Planned Parenthood he can't see the light of day. In the early 70s, we were told pre-born children were blobs of tissue. We were ignorant to the truth and didn't know any better. But now with modern technology and the advances in 3D and 4D ultra sounds--we know the truth. Abortion is the greatest civil rights issue of our time! So, when we hear old cronies like Al Sharpton harping on protecting the civil rights of a woman to kill her child--I have to ask: What about the civil rights of the younger woman she's carrying? That baby girl is 'fully human' and her rights need to be protected, too--especially the most basic right, which is the right to life."
