### FOR IMMEDIATE RELEASE

### ISSUES4LIFE FOUNDATION: MINORITIES HOLD THE KEY TO ENDING ABORTION IN AMERICA!

Union City, CA (ISSUES4LIFE FOUNDATION) Monday, May 11th, 2008 – Walter Hoye, President and Founder of the Issues4Life Foundation says, “Minorities, working together, hold the key to ending abortion in the United States of America.” Believing all children deserve birth, the Issues4Life Foundation is extending its right hand of fellowship and solidarity to all who are suffering from the horrifying impact of abortion. Hoye goes on to say, “It’s time the Pastors and Priests of all those targeted by the Abortion Industry come together under the ‘Blood Stained Banner of Life’ and work hand in hand to end abortion in their respective communities.”

Here is why and here is the plan.

According to the Alan Guttmacher Institute (AGI) fact sheet entitled “Facts on Induced Abortion in the United States” dated January 2008; 1.21 million abortions were performed in 2005. In the same fact sheet, Black women were 4.8 times as likely as non-Hispanic white women to have an abortion, and Hispanic women were 2.7 times as likely.<sup>1</sup>

Planned Parenthood is the largest abortion provider in the United States of America. According to Planned Parenthood’s 2006-2007 Annual Report, Planned Parenthood brought in \$1.017 Billion dollars. Planned Parenthood has acknowledged the receipt of over \$336 million dollars in government grants and contracts from both state and federal governments.<sup>2</sup>

Okay, let’s do the math!

Black abortions in 2005 totaled 683,294 or 56% of all abortions in America.

According to one abortion clinic in Oakland, California, the cost of one first trimester abortion with general anesthesia is \$450.00.

Formula: 683,294 x \$450.00 = \$307,482,300.00 Dollars.

The Black Community alone accounted for 30% of the abortion industry’s income from induced abortion. If you add the 336 million U.S. taxpayer dollars Planned Parenthood receives you get the following picture.

**\$307,482,300.00 - Dollars from Black Abortions (30%)** ← 30% of the Abortion Industry's income from induced abortion.  
**+ \$336,000,000.00 - Dollars from United States Taxpayer (34%)**  

---

**\$643,482,300.00 = 64% of Abortion Industry’s Income From Induced Abortion.**

If you add the abortion numbers from the Hispanic community you get a bigger picture.

Hispanic abortions in 2005 totaled 384,353 or 32% of all abortions in America.

Again, according to one abortion clinic in Oakland, California, the cost of one first trimester abortion with general anesthesia is \$450.00.

**Formula:  $384,353 \times \$450.00 = \$172,958,760.00$  Dollars.**

**\$307,482,300.00 - Dollars from Black Abortions (30%)**  
**\$172,958,760.00 - Dollars from Hispanic Abortions (17%)**  
**+ \$336,000,000.00 - Dollars from United States Taxpayer (34%)**

47% of the Abortion Industry's income from induced abortion.

**\$816,441,060.00 = 81% of Abortion Industry's Income From Induced Abortion.**

The Black and Hispanic communities comprise **88% of all abortions** in America and at least **47% of the Abortion Industry's income from induced abortion.**

**Obviously, minorities are being targeted!**

Abortion is the number one moral issue of our time and I believe minorities' hold the key to ending abortion in America. So let's come together to breakdown the barriers that separate us and build bridges that unite us as one body in Christ to end abortion in America today.

**By working together, in the name of our Lord and Saviour Jesus Christ, the victory is ours!**
